699	Half Bust	43	45.5	48	50.5	53	55.5	58	60.5	63	65.5	

Notes:

- ~ To use this guide, place a similar garment that currently fits well on a flat surface. Measure the waist or bust/chest (underarm to underarm) in CM and find the closest size on this chart. If you are in between sizes, choose the size up.
- ~ Each style has different measurements, so check each item you are ordering.
- ~ This is a guideline only. To ensure correct fit we advise always trying on a garment before embroidering or altering
- ~ Some garments contain a stretch component and this can alter the fit of the garment
